THE MIRACLE AT MEDINAH

Ryder Cup DVD

This is the story of arguably the greatest comeback in the history of the game.

Jose Maria Olazabal's heroes, inspired by the spirit of their talisman Seve Ballesteros, overcame the strongest American team in recent memory, a raucous Chicago gallery and a four-point deficit to make history.

On this two-disc collection Olazabal takes us on his own personal journey of the week that was the 'Miracle at Medinah'. From the honour of being awarded the captaincy to the emotional climax of 'the putt he couldn't watch', here we get the unique chance to see the highs and the lows through the eyes of El Capitan.

Also included, all the action from the three remarkable days of competition. 'Believe' said captain Olazabal going into the final day - and they did. In the penultimate match Martin Kaymer lined up a six-foot putt on the final green to retain the Ryder Cup. He made it.

Olazabal, face stained with tears, looked skywards: 'This is for you Seve'.
