

A NEW WAY TO CRUISE

Taipan Golf Carts' Golf model is a state-of-the-art mover for golfers to cruise the fairways.

Designed to have stability, this self-balancing machine is fun and easy to ride. Leaning forward will drive the golf carts in a forward direction. Leaning back is reverse. Turning the T-bar to the right or left will turn the cart to a zero radius. Within a short period of time you will master the feel of this serviceable machine.

The Taipan Golf Carts pack a significant speed for golfers to experience enjoyment while cruising the course. Also, it has a program that lets the engine run on 'turtle low speed' mode, which can be activated for beginner operators.

It is totally emission-free and noise levels are lower than a regular golf cart. The battery can be charged in two to four hours and will last approximately 36 holes of golf.

The mover isn't confined to the fairways only. It is able to handle rough terrain with ease – especially when searching for that lost ball.

RRP: \$5,990.

MASTERS LIMITED EDITION GRIPS

The fastest growing hybrid grip on Tour gets a fresh, new look.

The Golf Pride New Decade Multi-Compound Whiteout adds a new white material to the upper hand area, while maintaining all the performance characteristics that made the Multi-Compound golf's hottest grip.

High-performance rubber provides comfort and responsiveness to the lower hand, while black BCT cord provides moisture management and improved traction to the upper hand.

RRP: \$22 fitted.

SRIXON'S NEWEST STARS

Srixon has recently launched its new Z-Star range of balls – the Z-Star and Z-Star XV. Both balls are designed to take your game to the next level, with more advanced technology in order to meet the requirements of even the most demanding golfer.

A major feature of both balls is the introduction of 'Spin Skin', a new technology that generates more spin and better control around the green and has an extremely soft feel.

The Z-Star ball is for players who are looking for a golf ball that offers spin control and soft feel, while the Z-Star XV ball is for players looking for a ball that offers spin control as well as driver distance.

The Z-Star and Z-Star XV are available in pure white and Tour yellow.

RRP: \$59 per dozen.

GOLFBAND OFFERS NEW TUNE

GolfBand products are perfect for any golfer wanting to improve their golf-specific fitness and game.

The versatility of this very simple training aid allows you to use the bands at home or on the practice range for strength and conditioning or warm-up and flexibility work. They also aid swing development and improve arm-to-body connection and lower body stability.

It's so effective, many accredited coaches and European Tour and LET players include it as part of their training program on and off Tour. But this form of training is not just for elite players; all ages and abilities can benefit from this product.

Use Golf Band to create a comprehensive winter training programme – there's a size just right for you.

RRP: \$18.95.
